Team/Group	S2-CB-03 Group 1		
Date:	20/12/2021	Time:	13.00 – 13.30
Minutes prepared by:	Esther Wolfs	Location:	MS Teams

1. Purpose of the meeting

Discuss the peer review with the tutor and with each other.
Talk about the progress and status of our project and ask question we have.

2. Attendance

Mohammad Khan
Lars Kluijtmans
Esther Wolfs
Soleil Umwiza
Michiel Koehorst

3. Agenda

Topic	Discussion
Peer Review	In week 15 we had to review each other's code and write down our conclusion. During the meeting we discussed these findings with the tutor and we were given the chance to explain why we wrote down our conclusions and feedback.
UML Diagram	We showed a small part of our UML Diagram because we didn't agree on how the database layer should connect to the classes and where to store the local list. We had a discussion with each other, explaining why we thought it had to be in a certain way and we also asked the tutor for his opinion.
